

Maternal and Neonatal Opioid Initiative Successes: How They Did It **Wednesday, September 29, 2021, 1:00 pm - 2:30 pm EST**

Please join the National Network of Perinatal Quality Collaboratives (NNPQC) for an engaging discussion with PQCs as we close out the Centers for Disease Control and Prevention (CDC) Opioid Supplement. We will hear from PQCs in Illinois and Massachusetts as they walk us through the nuts and bolts of how they accomplished specific OUD and NAS initiative successes. Additionally, the 12 PQC supplement awardees will share their successes, reflections and plans for their opioid work moving forward. We encourage you to submit any questions that you may have about your PQC opioid initiatives or as you prepare to address this topic within your PQC.

Please follow this link to register for the webinar:
